Marketing Specialist | Microsoft Ads | Landing Pages | Email Automation | SEO

Poblacion, San Antonio, Quezon, Philippines • +63 992 323 1765 • seanpatrickramos.sp@gmail.com
Portfolio: sean-ramos-portfolio.vercel.app

PROFESSIONAL SUMMARY

Marketing specialist who pairs campaign strategy with hands-on technical execution. Experienced in managing Microsoft Ads, researching keywords and competitors, building conversion-focused landing pages in HTML/CSS, and deploying them through Cloudflare and SiteGround. Adds email automation, SEO audits, and Python scripting to streamline operations, backed by a foundation in IT support and international customer sales.

PROFESSIONAL EXPERIENCE

Marketing Specialist — **Nexgen Innovations Ltd.** April 2026 – Present

- Manage Microsoft Ads campaigns end to end: keyword research, campaign setup, audience targeting, ad copy and asset development, and ongoing optimization.
- Research competitors and keywords to uncover advertising opportunities and shape campaign strategy.
- Design and build responsive landing pages and marketing sites in HTML/CSS, with deliberate CTA placement, user experience, and conversion flow.
- Handle website deployment, domains, DNS, hosting, and performance through Cloudflare and SiteGround.
- Prototype, test, and ship websites and marketing assets quickly using Replit and modern development tools.
- Connect paid campaigns to landing pages to deliver cohesive, lead-generation-focused funnels aligned with client objectives.

Administrative Marketing Assistant — **Expansion Support Services** February 2026 – May 2026

- Conducted competitor market analyses of local businesses' online presence, SEO performance, and paid advertising strategies to identify growth opportunities.
- Audited websites for user experience, mobile responsiveness, CTA placement, and conversion optimization.
- Researched high-performing organic and paid keywords to support SEO strategy and search visibility.
- Delivered structured reports with insights and actionable recommendations benchmarked against industry standards and competitors.

Virtual Marketing Associate — **Vanguard Men's Health** November 2025 – February 2026

- Built and maintained email marketing campaigns and automation workflows to support lead nurturing and client communication.
- Scheduled and published content across social media platforms to keep client channels consistently active.
- Created marketing graphics, promotional materials, and short-form content using Canva and CapCut.
- Assisted in building and updating client websites and landing pages in HTML/CSS, and organized digital assets and campaign materials.

Customer Service and Sales Representative — **Alorica** July 2025 – November 2025

- Processed customer orders accurately while upselling pop-up and add-on items to support company sales targets.
- Consistently met a daily KPI of at least 4 sales per shift while maintaining service quality standards on a fast-paced international account.

IT Staff — **Crestec Philippines Inc.** January 2025 – May 2025

- Provided technical support for computers, printers, and network connectivity, helping minimize downtime across departments.
- Installed and configured software (Microsoft Office, Outlook, internal systems) and set up employee workstations, devices, and cabling.
- Managed and tracked IT equipment inventory.

Customer Service Representative — **Alorica** October 2024 – January 2025

- Resolved customer concerns and processed order transactions for international accounts with clear communication.
- Verified customer and order information to ensure accurate processing, supporting customer satisfaction and sales during peak season.

IT Specialist (Contract) — **DysrupIT** March 2024 – July 2024

- Automated employee timesheets for payroll using Python (Pandas), reducing manual processing time and improving payroll efficiency.
- Supported onboarding and device setup for new hires, troubleshot IT issues, and managed device inventory and distribution.
